## Outside Channel Donation

*Dear SSCA Member,*

We need your help! As many of you have probably already read in the latest GBA Update, the Outside Channel is taking a big leap forward this year. The purpose of this route is to take boat traffic, particularly larger boats, away from the inside channel and reduce the noise and wake problems that so many cottagers experience along the inside channel. This should also improve safety for small boats, canoes, swimmers etc., reduce the negative environmental impact along sensitive shorelines and wetlands, and, last but not least, reduce damage to docks and docked boats.

This channel will be marked with buoys, as will link channels between the inside and outside channels at key locations. Full information can be obtained on the Outside Channel at the GBA website: [www.georgianbay.ca](http://www.georgianbay.ca) - click Boating/Safety – Outside Channel; and Communications – Update Newsletter. There is also an article in the SSCA Newsletter about the July 18 boat trip.

We need to raise \$5,000 or more to help finance this route and, if you would like to help, please complete the form on the back of this letter and mail it in to GBA Foundation, who will then issue you a tax receipt. Tax receipts are available for both US and Canadian citizens and donations can be made by credit card or cheque. We would suggest an amount of \$100-200, but any amount large or small is most welcome!

Many thanks
